MORE THAN MAGIC

At PERTH MAGIC we dance to the beat of our 5 CORE VALUES. These guide us in creating a safe and supportive environment where everyone can thrive, not only as athletes but into young adults.

MOTIVATION

At PERTH MAGIC, motivation drives the spirit of our gym - from athletes to coaches, everyone plays a role in creating this powerful atmosphere. From the moment you step through our doors, you will feel the ENERGY and ENTHUSIASM that defines us.

ACHIEVEMENT

Together, we CONQUER challenges and celebrate victories. We focus on the pursuit of success by achieving both personal and team goals. As PERTH MAGIC athletes, we are all about pushing the boundaries of what's possible.

GROWTH

Beyond the competition floor, our underlying commitment lies each athlete's personal GROWTH. We aspire for all athletes to unlock their full potential on their unique journey, acquiring invaluable LIFE SKILLS that extend well beyond the realm of cheer and dance.

INSPIRATION

Your coaches stand ready to ignite a SPARK within you. Embrace the creation of a captivating CULTURE designed to INSPIRE every PERTH MAGIC member—be it your fellow athletes or your incredible supporters.

COMMUNITY

You are part of a tight-knit FAMILY, a sanctuary away from the ordinary. Our community is built to foster lifelong bonds and a CULTURE of mutual support & FRIENDSHIP.

TEAM EXPECTATIONS

ATTENDANCE

As a part of Perth Magic's competitive team program, we expect all members to abide by our attendance policy. Each athlete plays a crucial role in the team and are not easily replaced. Attendance at all scheduled trainings/events/camps/competitions and workshops is compulsory AND very important for the success and growth of the team. Athletes are expected to uphold all team commitments from January to December, including during test and exam periods. Missing training to study due to poor time management, or to attend parties or social events, may result in athletes being removed from stunting groups/front line choreography prior to competition.
Acceptable reasons for missing training - major school events/camps (provide notice in JANUARY), weddings/major family events (provide notice in JANUARY), family emergencies, illness where athlete cannot get out of bed (please text us on the day). All injured athletes in competitive teams are expected to attend training to participate where they can and/or watch training to pick up all routine changes. As the season progresses coaches are constantly upgrading routines and changing choreography - ongoing absences set the team back in reaching their seasonal goals and hinder individual athlete skill progression. If athletes in competitive teams are absent at any training for any reason (including those listed as accepted absences) in the 2 weeks leading up to any competition/event, coaches may remove that athlete from stunting positions/front line choreography. Repeated absences may result in removal from the routine entirely. This is for the safety and success of the individual and team.

HEAR FROM OUR MAGIC FAMILY

Perth Magic has been a huge part of Lily's life for the past four years, and it truly feels like her second home.

The coaches go above and beyond to support every athlete, creating an environment where children feel encouraged, confident and genuinely cared for. Lily has not only grown as a cheerleader but has also made lifelong friendships that she will treasure forever.

Rachael has created something incredibly special. She makes every family feel welcomed, valued and supported — you never feel like just another number. The personal, caring culture at Perth Magic is what makes this club so unique.

We're so grateful to be part of the Perth Magic family and couldn't imagine Lily's cheer journey anywhere else.

KRISTY
Lily's Mum

I have been at Perth Magic for four years and it honestly feels like my second home. I love coming to training, being with my friends and learning new skills with my team.

From the day I first started at Perth Magic, one of my biggest dreams was to one day be on the "Wicked" team. Being offered a spot on the team this year was such a special moment for me. I felt so grateful, proud and honoured to have the opportunity to be part of a team I had looked up to since I started cheer.

My coaches have always supported and encouraged me and helped me believe in myself, especially when I'm learning something new or finding something hard. They have helped me grow so much, not only as a cheerleader, but also in my confidence.

I have also made some of my best friends at Perth Magic and so many memories that I will never forget. Rachel and all the coaches make the club feel like one big family, and I always feel like I belong.

I'm so proud to be a Perth Magic athlete and so grateful to be living a dream I've had since I first walked through the doors.

LILY
Athlete & Magic Mentor, Age 12

Watching Melody and Mila grow through their time at Perth Magic All Stars has been something I'm incredibly grateful for. What started as Cheerleading has become so much more than a sport for them.

Perth Magic has given the girls a place where they feel they belong. They have developed confidence, resilience and determination, learned the importance of teamwork and commitment, and formed friendships and memories that I know will stay with them long after they finish competing.

What stands out most to me is the genuine care Rachael, Nick and the coaches have for their athletes. They don't simply teach routines and prepare them for competitions, they encourage the girls, believe in them and support them as individuals. They celebrate their successes, help them through the difficult moments and continually encourage them to become the best versions of themselves.

As a parent, seeing your children find something they genuinely love and a place where they feel supported and valued means more than I can put into words. I've watched both girls become stronger and more confident, not only as athletes but as young people.

Perth Magic really has become a second family for Melody and Mila, and I'm incredibly thankful to Rachael, Nick and the entire Perth Magic family for everything they have given them.

LUIS
Mila & Melody's Dad

We've been with this club for eight years, since my daughter was four, and they've supported us both in and out of the club. It's felt like more than just cheer, more like a community.

My daughter has grown so much over the years, not just in her skills, but in her confidence, fitness and as a person. I've loved watching her learn new skills, challenge herself and reach new levels of fitness. The coaches have helped her believe in herself, and she's made some great friends along the way who have helped shape her into the person she is becoming. As they say, it's the company you keep, and I'm grateful for the positive influence and friendships she has around her.

As a father, I've always been welcomed to support and express my daughter's journey, and I've felt embraced by the club. It's meant a lot being able to be present, encouraged and supported, not just as a parent, but as a dad cheering her on from the sidelines.

Seeing my daughter grow, develop and become the young person she is today has made this experience even more meaningful, and we're incredibly grateful to have been part of the club for all these years.

SAM
Izzy's Dad

My name's Izzy. I've been doing cheer for 8 years, starting when I was 4 at Perth Magic All-Stars. The coaches have supported me every step of the way. Cheer helps me get stronger, more confident, and more determined. I've made lots of friends there and I always have fun. I can always be myself there. I've been on three national tours and each one makes me want to train harder and keep improving my skills

FAQS

- **We are new to Cheerleading and Dance and I/my child has no experience. Will they make a competitive team?**
- Yes, our semi-competitive program is perfect for beginners wanting to start in competitive Cheer and Dance!
- **How does my child or myself get assessed for 2027 teams?** After completing a 2027 Registration Form Perth Magic staff will immediately begin assessing your child/yourself for suitability for each team you have selected. Some athletes may be asked to come to additional classes throughout term 4. Brand new members will be sent a list of classes to come along to in term 4.
- **I do not have all the required skills for a particular team, but would still like to be considered for a place in the team.** Coaches will consider athletes for all teams they select in their registration form. Please note limited positions are available on teams for athletes without all required skills.
- **Why is there a Team Placement Fee?** Our $30 Team Placement Fee covers our Coaches for additional hours throughout the assessment process and assessment meetings where we finalise all competitive team placements. Athletes are only assessed/considered for teams and leadership programs once this fee has been paid.
- **How do I make payment for my Team Placement Fee?** Upon completing your online registration you will have access to the online Magic Portal, following a confirmation email from our staff. Payment can be made via your Magic Portal or by EFT/CASH at the gym.
- **I've completed a year in a particular level, does that mean I 'move up' to the next level?** Only if you can confidently and correctly perform the required tumbling and stunting skills for the next level. Athletes usually spend multiple years in each level to master all skills within it. Skills required for levels are also subject to change as the rules for our sport are constantly evolving.
- **My child has the required tumbling skills for the next level, does this mean my child will move up a level?** Not necessarily – athletes are required to show competence in all areas of Cheer. This includes tumbling, stunting, jumps, choreography and performance, along with qualities of teamwork and good work ethic. Coaches take into account every athlete's overall performance and mental readiness when creating teams and not just their performance in the last few weeks of term 4.
- **How do you choose teams?** We take great care in the placement of each and every individual athlete at PERTH MAGIC. Our experienced Senior Coaches work closely throughout the Team Placement Process to discuss each athlete's suitability to compete with confidence, train skills safely and grow in the most appropriate team for them. Coaches take into account each athlete's performance throughout the entire 2026 season in training and at events. Coaches spend time in multiple meetings carefully considering placements to ensure every single athlete is placed onto the best team for them.
- **What do I do if I am unhappy with my team offer?** Before contacting us, please take into consideration the team placement guidelines and team requirements and know that your child's best interest has been taken into consideration when placing them on their team – can your child complete all required skills repeatedly with confidence and good technique and did they show strong work ethic, commitment and great attitude in training throughout 2026? Team placements are multifaceted and we believe the team each individual receives is where they will thrive the best for the 2027 season. If you are still unhappy about your team offer after 48 hours, our coaches will happily discuss with you the reasons behind your/your child's placement. Please note all team placements are final.
- **How will I know if I/my child is a flyer?** In your 2027 Offer email we will outline if you/your child is being considered for a position as a flyer on their 2027 team. Flying positions are never permanent and are subject to change due to an athlete's ability to perform at the appropriate level and suitability for the entire team's stunting dynamics. To be eligible for a flyer position on an full-competitive team, athletes must complete their allocated home program every week. Those who do will see huge leaps in their progress as a flyer and will prioritised for flyer positions as the season unfolds.
- **When will TOURING TEAMS be announced?** Coaches take into consideration the readiness for National competition of athletes wishing to tour in 2027. We believe in giving all committed athletes the opportunity to tour Nationally and endeavour to take a variety of age groups and levels. This means we could select any teams from our full-competitive program to attend Nationals! Touring Teams will be announced and communicated to families in their Letter of Offer via email in December.
- **Are there multiple payment options for tuition/camp/competition/uniform fees?** PERTH MAGIC offers multiple payment options for full-competitive teams - weekly, fortnightly and monthly instalments for tuition/competition fees. Please note athletes will not be registered for events, booked into camps or have uniform items ordered for them until invoices are paid in full. For further information please refer to our Payment Policies on our website.
- **Will there be new training merchandise in 2027?** Oh yeah! We will periodically drop seasonal merchandise throughout the year!
- **Is there are a required training uniform at the gym?** All athletes will receive our NEW 2027 Club T-shirt with their Magic Pack. This shirt will be the only required training uniform item at particular training events, camps and/or choreography - this will be communicated via SPOND by Coaches prior to each event. Please wear Perth Magic training apparel as much as possible at the gym. We understand many athletes train multiple days a week and do not always have Perth Magic training apparel ready to go. Athletes must wear appropriate training clothing at all times (no loose/thin straps or inappropriate length shorts)
